

Music at St Paul's Catholic School

Dear parents and children,

I am pleased to inform you that 'Charanga Yumu' our Music Scheme of Work will be rolled out over the coming weeks for home learning to aid and continue to enhance the curriculum.

Charanga provides songs and instrumental music, but also fun interactive knowledge and listening games. The part of the site for students, Music World, is a great motivating aid for helping them to practice and encourage knowledge and listening skills. Pupils can travel through a fun, safe progressive musical environment where they can earn credits for completing tasks and unlock future ones. Teachers can also put together a selection of resources for the pupils to access out of the lesson – an ideal way to encourage extended learning through relevant 'real' music!

Teachers will be briefing children about this shortly in one of their class zoom session and will be providing children's log-in details thereafter via Marvellous Me.

So keep your eyes and ears ready to enjoy music!

Many thanks for your continued support.

Ms Costanzo

Senco & Inclusion / Teacher & Music Leader
