

The background of the page is a vibrant illustration of outer space. It features a dark blue field filled with numerous white stars of varying sizes. Several planets are depicted: a blue and white Earth-like planet on the left, a large orange and red Mars in the foreground, and a yellow and brown Saturn with its rings on the right. A bright white comet streaks across the upper portion of the scene. The entire illustration is framed by a light blue border.

If You Blast Off Into Space Today

(Sing to the tune of 'Teddy Bears' Picnic'.)

If you blast off into space today,
You're sure of a big surprise.

If you blast off into space today,
You'll never believe your eyes.

There's Mercury, Venus, Earth
and Mars,

Jupiter and Saturn amongst
the stars.

Today's the day you'll fly past
Uranus and Neptune.
